## Dining

You can find all information about meals on the meal pass when you register on-site (inside the name badge) and please take care of them.

## Participation Guideline

BIT's 9<sup>th</sup> Annual World Congress of

# Molecular & Cell Biology

# 2019

Theme: Exploring the Essence of Life for a Better Future

Date: October 25-27, 2019

Place: Singapore

- **Visa**

Foreign attendees will need to apply for visa by **themselves** usually, so CMCB-2019 recommends applying for visas as early as possible. Visas are required for some nationalities to travel to Singapore for this conference. Please contact your travel agent and/or the Singapore Consulate/Embassy in your country for exact details and visa application procedures as soon as possible. Meanwhile, we strongly advise the foreign attendees to apply for the **Tourist Visa** instead of Business Visa which is more accessible. We apologize for any inconvenience maybe caused to you.

- **Weather**

According to the weather forecasting: the average temperature during the period of conference is 24-30°C.

- **Currency**

The official currency is the **SGD (Singapore Dollar)**. Major credit cards are accepted (VISA, MASTERCARD) and foreign currency can be converted in **airport, hotels, in stores** and in subsidiaries of the Bank of Singapore. The working hour of most foreign exchange centre is: 10:00-15:00. You are advised to exchange some SGD for your bus/taxi fares before your departure. The exchange rate between U.S. dollar and SGD is approximately at 1: 1.363. Please check for further updates. Though major credit cards are accepted at big stores and ATMs, cash is still more widely used.

- **Electricity**

In Singapore the standard voltage is **230 V** and the frequency is 50 Hz. You can use your electric appliances in Singapore, if the standard voltage in your country is in between 220 - 240 V (as is in the UK, Europe, Australia and most of Asia and Africa). Manufacturers take these small deviations into account. If the standard voltage in your country is in the range of 100 V - 127 V (as is in the US,

# BIT's 9<sup>th</sup> Annual World Congress of **Molecular & Cell Biology**

**Date: October 25-27, 2019**

**Place: Singapore**

# 2019

Canada and most South American countries), you need a voltage converter in Singapore. You can also consider a combined power plug adapter/voltage converter.

If the frequency in Singapore (50 Hz) differs from the one in your country, it is not advised to use your appliances. But if there is no voltage difference, you could (at your own risk) try to use the appliance for a short time. Be especially careful with moving, rotating and time related appliances like clocks, shavers and electric fan heaters.

To be sure, check the label on the appliance. Some appliances never need a converter. If the label states 'INPUT: 100-240V, 50/60 Hz' the appliance can be used in all countries in the world. This is common for chargers of tablets/laptops, photo cameras, cell phones, toothbrushes, etc.

- **Working Language**

The working language of this conference is **English**, therefore, simultaneous interpretation will not be provided.

Singapore has four official languages listed in its constitution: Malay, Mandarin, Tamil, and English. This mix of linguistic cultures means communication is a cosmopolitan affair.

- **Local Time**

### **Time Difference**

Standard Time Zone: UTC/GMT +8 hours

### **B. Working Hours**

Most business organizations, government departments and banks are open at 08:00am-16:30pm. Working week runs from Monday to Friday. Most shops are open from 10:00 am-22:00 pm, 7 days a week.

- **Emergency Number**

Emergency Ambulance: 995

Non-emergency Ambulance: 1777

Police Hotline: 1800 255 0000 (Non-emergencies: 65 6255 0000)

Traffic Police: 6547 0000

## ● Insurance Policy

It is advised to have insurance to cover sickness and other possible traveling problems. For hospitalization in Singapore, you may have to pay first and then claim it back from your insurance company. The organizing committee will not take the responsibility for any personal injuries sustained or for loss of, or damage to, property belonging to conference participants or their accompanying persons, either during or as a result of the Conference.
